## **Black Gold Outreach High School Attendance Policy**

We recognize that for students to be successful in our program they need to be connected to their teachers. However, we also realize that flexibility is necessary because each student has a unique situation; therefore, for the majority of our high school students there is not an attendance policy.

A small number of students may require a mandatory attendance component to meet the requirements of a program outside of Black Gold Outreach School. In these circumstances students will be required to be signed in and signed out at the secretary's desk. Their attendance will be recorded in Powerschool. Black Gold Outreach School is able to accommodate a small number of mandatory attendance students for up to a maximum of 20 hours per week.

If students on mandatory attendance programs are absent on a day they are regularly scheduled, they will need to provide a reason for their absence. Students' absences will be marked excused if they miss school for health reasons, religious holidays or extra-curricular activities. All other absences will be recorded as unexcused. If students are absent for three consecutive days they will require documentation to verify the reason for their absence.

For students who are receiving funding through **Alberta Works**, please be advised of the following attendance requirements:

- a student receiving support from Alberta Works program will be withdrawn from school if they accumulate ten unexcused absences.
- no learner may be absent, with excused and/or unexcused absences, for more than three consecutive weeks during a training period, unless approved by the Director.
- The school will notify Human Services immediately upon becoming aware of declining attendance and when the learner no longer meets the attendance policy.
