

Are you interested in learning a **TRADE?**

Electrician * Welder * Mechanic * Architect * Construction * Baker * Chef * Insulator * Power Engineer
And so many more

A CAREERS' team field professional, Dave Brown, is coming to Black Gold Outreach to tell us about career paths and internship opportunities in industrial technology sectors.

He'll give us an introduction to trades, discuss common myths about trades and industrial technologies (eg. Trades have low pay), and introduce us to internship and CAREERS programs.

Come find out how to start your career, what classes you will need to get into your trade, and how to get an internship or apprenticeship before you even finish high school.

Tuesday October 4, 12:45 to 1:45 p.m.

Snacks will be served.

A CAREERS' team field professional, Dave Brown, is coming to Black Gold Outreach to tell us about career paths and internship opportunities in health care sectors.

He'll give us an introduction to trades, discuss common myths about health care job, and introduce us to internship and CAREERS programs.

Come find out how to start your career, what classes you will need to get into your trade, and how to get an internship or apprenticeship before you even finish high school.

Tuesday October 4, 2:00 to 3:00 p.m.
