

## Come Join the Black Gold Outreach School Council 2018-19

### What are School Councils?

- School councils are collective associations of parents, teachers, secondary students, principals, staff and community representatives who work together to effectively support and enhance student learning. Joining a school council is one way members of the school community can get involved

### What is the role of School Councils?

*School councils play an important role by providing advice and assistance to school principals and Trustees regarding educational issues which includes:*

- focusing on educational matters
- providing input on topics such as program planning, school operations
- serving as a liaison between parents, the school and community
- locating resources such as speakers and volunteers
- gathering information and sharing experiences
- supporting the goals and objectives of the school

### Testimony: Chair, Parent Advisory, 2015 to 2017

*"Being on the school council and fundraiser association has been a wonderful experience, and I am happy to play a part in my child's Education. I have learned about various supports the school offers for our children, I am kept up to date on the school's activities and our children's progress, and I have been able to give the school my suggestions/input...."*

***So, what are you waiting for? Come make a difference!***
